

INSTRUCTIONS

Create a responsive HTML file.

You will need to use flexbox to keep the Aside on the left and the Main on the right.

Match the design as closely as you can.

Font family: choose something local, Helvetica, Arial, Tahoma

Anything labeled `<tag>` (eg `<header>`, `<aside>`, `<main>`, `<section>`, `<footer>`) is not meant to be text in your final project. You can add your own text in the header and footer. There should be a form and a table on this page. Please submit your project by Sunday, 11:59 PM.

A working sample:

<https://codesandbox.io/p/sandbox/jh4fnr>

See attached file for design specifications.
